In-line Flow Indicators

Ordering Code	Description
RFI-PP	Gems Rotor Flow Indicator 1/2" F BSPP, PP body

Description

The Gems RFI-PP is a visual flow indicator. It has a bright orange rotor which turns with fluid flow. Flow rate is estimated, or simply confirmed, by viewing the speed of the turning rotor. The faster the rotor turns, the higher the flow rate.

RFI-PP

Specifications

Flow Range	15 - 75 l/min
Port Size	1/2" F BSPP
Materials	Body - PP, Rotor - Nylon, Rotor Pin - Ceramic, Lens - Polysulfone, O-ring - Buna N
Operating Pressure	6.9 bar at 21°C, 2.7 bar @ 82°C
Operating Temperature	-29°C to 82°C
