

## WHS Policy

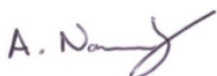

Convergent Water Controls specialises in the supply of electronic controllers, chemical dosing pumps and integrated dosing systems to clients throughout Australia.

The Health and Safety of those who work either directly or indirectly for Convergent Water Controls is of the utmost importance to Senior Management and it is our ultimate goal to continually improve Work, Health and Safety (WHS) performance within the business.

In order to achieve this, the following objectives have been established:

- Communicating this policy to all existing employees and to new employees when they commence with Convergent Water Controls
- Involving our workers in the decision making processes through structured and informal communication, consultation and learning
- Complying with all WHS legislation and other requirements which are relevant to Convergent Water Controls
- Making our commitment to Health and Safety visible to all interested parties
- Setting measurable objectives and targets which will be monitored to ensure continual improvement
- Maintaining a Management System which meets the requirements of AS/NZS ISO 45001:2018

This policy together with the measureable objectives and targets will be reviewed on an annual basis to ensure that it remains relevant and suitable to the operations of Convergent Water Controls.
