

## DECLARATION OF HAZARDOUS MATERIAL AND DECONTAMINATION v1.2

In order to comply with legal requirements by OH&S regulations, and for the safety of our employees, we need this 'Declaration of Hazardous Material and Decontamination' with your signature, before your equipment that is being returned to our factory can be handled.

Place this form, along with your Material Safety Data Sheets (as required), shipping documents, and specific handling instructions (if necessary) with the goods to be returned.

Please include your reference GRA (Goods Return Advice) form obtained from CWC, to be printed out and sent with the goods.

If this procedure is not followed, it may result in delays for your product being tested / repaired, or replaced if under warranty.

**\*\*\*PLEASE FILL OUT COMPLETELY FOR SAFETY PURPOSES\*\*\***
